

PENRYN — GUARDS + AI

SUMMIT FORCE SECURITY GROUP · PLACER COUNTY · PPO #122730

There is no security without both: analytics never blink, licensed officers verify and respond. This is how that pairing runs in Penryn.

LOCAL SNAPSHOT

Penryn's mix of nurseries, event barns and small commercial means high-value equipment sits outdoors overnight with almost no natural surveillance. Fuel, irrigation copper, tools and trailers are the repeat targets.

Most-called problem: fuel, copper and equipment theft from open agricultural and nursery yards. **Demand profile:** nurseries and agricultural operations, event barns, small commercial and storage.

AI WATCHES

Analytics hold the overnight line on Taylor Road, English Colony Way, Penryn Road — line-crossing, loitering, vehicle dwell and after-hours motion, escalated the moment a rule trips.

OFFICERS RESPOND TO

Fuel, copper and equipment theft from open agricultural and nursery yards, door pulls and lot sweeps, contact with trespassers, lighting failures, and photo-verified documentation on every stop.

DISPATCH & RESPONSE

Around 35 minutes from Sacramento HQ on the same foothill loop as Loomis and Newcastle.

NEIGHBORHOODS COVERED

English Colony · Downtown Penryn · Boyington area. Marked-vehicle routes with time-stamped checkpoints.

DETECT / VERIFY / RESPOND / DOCUMENT

1. DETECT

Cameras + analytics flag motion, dwell or a crossed line in seconds.

2. VERIFY

A human confirms intent — no dispatch wasted on cats, wind or shadows.

3. RESPOND

A marked Penryn unit arrives, makes contact and clears the property.

4. DOCUMENT

Photo-verified report to you, and to law enforcement when needed.

WHERE CAMERAS ALONE FAIL

- Nobody is watching the feed at 3 a.m.
- Footage proves the loss — it doesn't prevent it.
- No lawful presence to ask a trespasser to leave.
- No lighting, gate or door-check on the ground.
- Police response is triaged behind higher-priority calls.

WHAT PENRYN CLIENTS SEARCH FOR

- "agricultural property security Penryn"
- "event barn wedding security guard"
- "fuel theft prevention patrol"
- "irrigation copper theft security"
- "shared patrol route for neighbors"
