

APPLEGATE — GUARDS + AI

SUMMIT FORCE SECURITY GROUP · PLACER COUNTY · PPO #122730

There is no security without both: analytics never blink, licensed officers verify and respond. This is how that pairing runs in Applegate.

LOCAL SNAPSHOT

Applegate sits directly on the I-80 corridor, which is exactly what makes freeway-adjacent parcels attractive for dumping, stripping stolen vehicles and short-stay camping out of sight of the road.

Most-called problem: dumping, stripped vehicles and camping on parcels near the I-80 corridor. **Demand profile:** rural residential, storage and small commercial along the I-80 corridor.

AI WATCHES

Analytics hold the overnight line on Applegate Road, Wise Road, I-80 frontage — line-crossing, loitering, vehicle dwell and after-hours motion, escalated the moment a rule trips.

OFFICERS RESPOND TO

Dumping, stripped vehicles and camping on parcels near the I-80 corridor, door pulls and lot sweeps, contact with trespassers, lighting failures, and photo-verified documentation on every stop.

DISPATCH & RESPONSE

About 40 minutes from Sacramento HQ, covered on the Auburn—Colfax foothill route.

NEIGHBORHOODS COVERED

Applegate · Clipper Gap · Heather Glen. Marked-vehicle routes with time-stamped checkpoints.

DETECT / VERIFY / RESPOND / DOCUMENT

1. DETECT

Cameras + analytics flag motion, dwell or a crossed line in seconds.

2. VERIFY

A human confirms intent — no dispatch wasted on cats, wind or shadows.

3. RESPOND

A marked Applegate unit arrives, makes contact and clears the property.

4. DOCUMENT

Photo-verified report to you, and to law enforcement when needed.

WHERE CAMERAS ALONE FAIL

- Nobody is watching the feed at 3 a.m.
- Footage proves the loss — it doesn't prevent it.
- No lawful presence to ask a trespasser to leave.
- No lighting, gate or door-check on the ground.
- Police response is triaged behind higher-priority calls.

WHAT APPLEGATE CLIENTS SEARCH FOR

- "rural patrol Applegate CA"
- "abandoned vehicle on my property"
- "dumping cleanup documentation"
- "outbuilding theft prevention"
- "I-80 corridor property security"
