

FORESTHILL — GUARDS + AI

SUMMIT FORCE SECURITY GROUP · PLACER COUNTY · PPO #122730

There is no security without both: analytics never blink, licensed officers verify and respond. This is how that pairing runs in Foresthill.

LOCAL SNAPSHOT

Foresthill is a remote-coverage market and we are straightforward about it: this is scheduled patrol, standing post or project-duration coverage, not a ten-minute callout. Where we add real value is documented presence over a defined window.

Most-called problem: equipment theft on remote job sites and unverified vacancy during long absences. **Demand profile:** remote residential, recreation and staging areas, small commercial and job sites.

AI WATCHES

Analytics hold the overnight line on Foresthill Road, Main Street, Foresthill Bridge area — line-crossing, loitering, vehicle dwell and after-hours motion, escalated the moment a rule trips.

OFFICERS RESPOND TO

Equipment theft on remote job sites and unverified vacancy during long absences, door pulls and lot sweeps, contact with trespassers, lighting failures, and photo-verified documentation on every stop.

DISPATCH & RESPONSE

Roughly an hour from Sacramento HQ — scheduled and contracted coverage, not emergency response.

NEIGHBORHOODS COVERED

Downtown Foresthill · Todd Valley · Baker Ranch area. Marked-vehicle routes with time-stamped checkpoints.

DETECT / VERIFY / RESPOND / DOCUMENT

1. DETECT

Cameras + analytics flag motion, dwell or a crossed line in seconds.

2. VERIFY

A human confirms intent — no dispatch wasted on cats, wind or shadows.

3. RESPOND

A marked Foresthill unit arrives, makes contact and clears the property.

4. DOCUMENT

Photo-verified report to you, and to law enforcement when needed.

WHERE CAMERAS ALONE FAIL

- Nobody is watching the feed at 3 a.m.
- Footage proves the loss — it doesn't prevent it.
- No lawful presence to ask a trespasser to leave.
- No lighting, gate or door-check on the ground.
- Police response is triaged behind higher-priority calls.

WHAT FORESTHILL CLIENTS SEARCH FOR

- "job site security Foresthill"
- "remote property patrol service"
- "equipment watch overnight guard"
- "standing guard post foothills"
- "vacation absence property checks"
