

MEADOW VISTA — GUARDS + AI

SUMMIT FORCE SECURITY GROUP · PLACER COUNTY · PPO #122730

There is no security without both: analytics never blink, licensed officers verify and respond. This is how that pairing runs in Meadow Vista.

LOCAL SNAPSHOT

Meadow Vista is HOA and second-home territory in a wildland-urban interface. Gate integrity, vacancy checks and access documentation matter more here than any downtown-style foot presence.

Most-called problem: gate and access-code misuse plus break-ins at seasonally vacant foothill homes. **Demand profile:** gated foothill communities, second homes, small commercial and community facilities.

AI WATCHES

Analytics hold the overnight line on Combie Road, Placer Hills Road, Meadow Vista Road — line-crossing, loitering, vehicle dwell and after-hours motion, escalated the moment a rule trips.

OFFICERS RESPOND TO

Gate and access-code misuse plus break-ins at seasonally vacant foothill homes, door pulls and lot sweeps, contact with trespassers, lighting failures, and photo-verified documentation on every stop.

DISPATCH & RESPONSE

About 40 minutes from Sacramento HQ; scheduled foothill route coverage.

NEIGHBORHOODS COVERED

Winchester area · Placer Hills · Lake Arthur. Marked-vehicle routes with time-stamped checkpoints.

DETECT / VERIFY / RESPOND / DOCUMENT

1. DETECT

Cameras + analytics flag motion, dwell or a crossed line in seconds.

2. VERIFY

A human confirms intent — no dispatch wasted on cats, wind or shadows.

3. RESPOND

A marked Meadow Vista unit arrives, makes contact and clears the property.

4. DOCUMENT

Photo-verified report to you, and to law enforcement when needed.

WHERE CAMERAS ALONE FAIL

- Nobody is watching the feed at 3 a.m.
- Footage proves the loss — it doesn't prevent it.
- No lawful presence to ask a trespasser to leave.
- No lighting, gate or door-check on the ground.
- Police response is triaged behind higher-priority calls.
