

ROSEVILLE — GUARDS + AI

SUMMIT FORCE SECURITY GROUP · PLACER COUNTY · PPO #122730

There is no security without both: analytics never blink, licensed officers verify and respond. This is how that pairing runs in Roseville.

LOCAL SNAPSHOT

Roseville is the busiest retail market we cover in Placer County. Shopping centers off Douglas and Harding, medical campuses, and distribution buildings along Foothills Boulevard all generate different calls — organized retail theft on one side, trailer and cargo security on the other.

Most-called problem: organized retail theft and after-hours lot activity across the Douglas and Harding centers. **Demand profile:** regional retail, medical campuses, distribution and light industrial, and large HOA communities.

AI WATCHES

Analytics hold the overnight line on Douglas Boulevard, Harding Boulevard, Galleria area — line-crossing, loitering, vehicle dwell and after-hours motion, escalated the moment a rule trips.

OFFICERS RESPOND TO

Organized retail theft and after-hours lot activity across the Douglas and Harding centers, door pulls and lot sweeps, contact with trespassers, lighting failures, and photo-verified documentation on every stop.

DISPATCH & RESPONSE

About 25 minutes from Sacramento HQ, with regular nightly Placer routes already in the area.

NEIGHBORHOODS COVERED

Downtown Roseville · Sierra Gardens · Highland Reserve · Woodcreek · Fiddymment Farm. Marked-vehicle routes with time-stamped checkpoints.

DETECT / VERIFY / RESPOND / DOCUMENT

1. DETECT

Cameras + analytics flag motion, dwell or a crossed line in seconds.

2. VERIFY

A human confirms intent — no dispatch wasted on cats, wind or shadows.

3. RESPOND

A marked Roseville unit arrives, makes contact and clears the property.

4. DOCUMENT

Photo-verified report to you, and to law enforcement when needed.

WHERE CAMERAS ALONE FAIL

- Nobody is watching the feed at 3 a.m.
- Footage proves the loss — it doesn't prevent it.
- No lawful presence to ask a trespasser to leave.
- No lighting, gate or door-check on the ground.
- Police response is triaged behind higher-priority calls.
